

## Testimonials

“I had the opportunity to work with Margi on my entire home buildout. She was amazing to work with because not only does she have impeccable style, but she is responsive, calm under pressure and patient. We had multiple occasions where I was not sure on the selections we made, and so she made sure to take me to every vendor so I could compare my options (ultimately I deferred to her choice every time). She works with you so not only do you have a beautiful house, but also a functional house. She was able to coordinate with my vendors so I rarely had to get in the weeds. Many people have told me the home renovation process has been one of the most stressful times for them, but I honestly did not have that experience because of Margi!”

- Puja Vadodaria

“When building our most recent “spec” house in the Morningside neighborhood, we wanted to make sure our interior design choices were up-to-date, sophisticated, and within the project’s budget. Margi Scott worked with us throughout the entire process and helped create a truly lovely home. From the beginning, Margi kept us focused on a uniform “feel” for the house. In addition to her superior sense of style, Margi also is an absolute pleasure to work with and a true professional when dealing with both us and our various vendors. We could not be happier with how the house turned out and would love to work with Margi again on future projects!”

- Gail Price, Courtenay Development, LLC

“Margi was fantastic to work with! She really listened to me and was able to quickly get a sense of my style. She always provided various options and helped me make decisions, on time and in budget. She is knowledgeable of the latest trends and helped us make our home feel unique. I highly recommend working with Margi and LPH Home Finishes.”

- Mandy Rollins

“Margi at LPH Home Finishes was really great to work with. I was impressed how she listened to what I was looking for and offered beautiful selections. Her assistance was invaluable. Most importantly, she kept us on time and budget for our new build. I highly recommend working with LPH.”

- Jeanine Page

“We used LPH to design both our Master Suite and Kitchen. They listened to what we wanted and designed something better than we expected. We did the Master Suite first and were so impressed with what was produced, calling them back for the Kitchen was an easy choice. Highly recommended. Very easy process.”
